

## H-O-R-S-E

This game played with a basketball and hoop is great for children and adults alike and can be played with as few as two players. Feel free to add more letters for an extra challenge.

**Step 1:** Decide what order each player will follow for each round.

**Step 2:** Player 1 takes any kind of shot at the basket.

**Step 3:** If player 1's shot goes in the hoop, player 2 has to make the exact same shot, using the same style, from the same place as player 1.

**Step 4:** If player 2's shot goes in, then player 3 (or player 1 if you only have two people) attempts the same shot. This continues through all the players.

**Step 5:** If player 1 misses the first shot, then player 2 will become the "leader," and so on until a player makes the first shot.

**Step 6:** Each time a player misses a shot, a letter is added to their score (in the order of H-O-R-S-E, one letter at a time). If a player gets all the letters to spell out H-O-R-S-E, they are out of the game.

**Step 7:** The last person left who has not spelled H-O-R-S-E is the winner!
